ABOUT BLUESTREAM

Bluestream's mission is to accelerate sustainable urbanism. Cities will host upto 70% of the global population by 2050 and making them viable in all respects is the need of the hour.

Focused on bringing delight to urban spaces in every sense, we holistically develop products across **Street + Waste + Play** Categories - all but in a sustainable manner.

Launched the
Street Furniture
foray

Nord implemented
for Dubai Municipality

2017

Upgraded to
facility at Jebel Ali

2019

2012

Launched the
Play Systems
foray

2020

Launched the
Sani-Station to
promote
sanitization
measures to
combat Covid-19

Endless Possibilities

DESIGN & FABRICATION

OUR ECOSYSTEM

How we make it happen

OUR TEAMS

Our strong inhouse design team and experienced team of craftsmen, ensures we deliver even on the most ambitious and challenging project requirements.

Our team of product consultants is always available to discuss and help clients decide the best solutions. We also welcome factory visits to explore our facility and interact with our team for the ultimate Bluestream Experience.

OUR FACILITY

Located at Jebel Ali, our 170,000 sqft, state of the art manufacturing facility is equipped with specialized machinery and dedicated workshops to process an array of materials: Metal, Timber, Granite, GRC, GRP, Concrete.

OUR PARTNERS

A long standing relationship with our established network of suppliers enables us to offer high quality materials on schedule.

Collaborating with paint partner Jotun, we formulated uniquely weather resilient solutions.

Our partners, Nord Engineering collaborate with us on both technological association and as solution providers for a completely automated waste collection system.
